

EXPLOSIVES ENTERING/LEAVING WHITE SANDS MISSILE RANGE

1. Every shipment of explosives or ammunition for delivery to or originating from White Sands Missile Range, NM, shall be coordinated prior to delivery or shipment with the Transportation Officer (TO), Ammunition Manager (AMO), or a duly Appointed Agent, at 678-3938 or 678-7610.
2. All shippers and transportation carriers will comply with the times and entry gates designated to receive these shipments as published in the Military Traffic Management Command's "Terminal Facilities Guide." Installation security personnel are prohibited from authorizing entry onto the installation or the delivery and receipt of any explosive or ammunition shipment at times or gates that vary from those specifically designated, unless prior written approval has been obtained from a representative from the TO, AMO or Quality Assurance Specialist Ammunition Surveillance Officer (QASAS).
3. When a shipper or transportation carrier requests "Safe Haven" or a "Secure Holding Area," gate security personnel will comply with the specific guidance set forth under that SOP. If such requests are made during after duty hours, security personnel shall contact the installation Security Directorate at 678-1234 for further instructions.
4. The TO shall provide prior notification to the AMO of any shipments of ammunition/explosives arriving at a designated Inspection Point which will be located at least 500 meters from the entrance gate.
5. The TO and the AMO shall notify the QASAS prior to shipment or receipt of all outbound and inbound shipments of ammunition/explosives. Inspection of the load and equipment by the QASAS, TO, or AMO will be successfully completed at the inspection point prior to escorting the load to the directed receiving area. The AMO will escort all shipments to the Ammunition Storage Area. Loads consigned for delivery or receipt by any other tenant organization or contractor will be escorted as directed by the inspecting official.
6. Security personnel are prohibited from granting entry to the installation of any explosives laden vehicles, whether government or commercial, without prior approval of the TO, AMO or the QASAS.

7. This guidance supersedes CG-21-99, dated 05 Sep 99.

WILLIAM F. ENGEL
Brigadier General, USA
